Global Equity

Investment objectives

The objective of the Optimum Global Equity Strategy is to achieve capital appreciation over a medium to long-term horizon and generate an average annual return of **1.50% above** the benchmark over 4-year moving periods (before management fees).

The portfolio is comprised of high-quality global companies in North America and Europe.

The manager looks for securities with excellent profitability, low debt levels and strong cash flows.

Fund notice and price

Investments in the **Optimum Funds** are represented by trust units of the Optimum Funds (the "units"). The Optimum Funds each offer a class of units that can be split into an unlimited number of series of units, the terms of which are determined by the manager. The number of shares in each series is unlimited. The Optimum Funds offer on an ongoing basis, pursuant to this fact sheet and pursuant to prospectus exemptions under the Securities Act (Quebec), the following two series of units to "accredited investors" resident in the Province of Quebec:

Series O Units: The units will be offered at the net asset value per series unit which is calculated on the applicable valuation day. For each Optimum Fund, the term "valuation day" means each business day (individually, an "Optimum Fund valuation day"). Fractional shares of up to three decimal places will be issued.

Series F Units: Series units are offered pursuant to an offering memorandum to accredited investors who subscribe for these units under a fee-based service program and who pay their advisor/dealer directly a fee based on the asset value. No sales commission or service commission is payable when an investor purchases or redeems Series F Units.

Investors who wish to make an initial subscription for units of one or more of the Optimum Funds may do so by submitting a subscription application via Fundserv through their brokers or other persons authorized by applicable securities legislation.
