

## Factsheet

As at June 30, 2024

# Universe Bond Heritage ESG

### Investment objectives

The objective of the Optimum Universe Bond Heritage ESG Strategy is to obtain income and capital security over a medium- to long-term horizon and generate an average annual return of **0.50% above** the benchmark over 4-year moving periods (before management fees).

The Strategy places particular emphasis on responsible investing and seeks to outperform the benchmark in terms of ESG factors and have a positive impact on society.

The portfolio is comprised primarily of fixed-income securities issued by Canadian issuers. Provincial and municipal government securities and corporate securities are generally favoured.

The management style is based on interest rate anticipation, sector weighting, yield curve positioning and security selection.

Inception date	December 1989
Vehicles offered	<ul style="list-style-type: none"> <li>Segregated securities</li> <li>Mutual funds</li> </ul>

### Why invest?

- Long historical performance and constant value added
- Rigorous, disciplined investment process that integrates ESG factors
- Aims to have a positive footprint in society by choosing securities that respect the responsible investment principles
- Stable, experienced multidisciplinary management team

### Risk rating

Low	Low to medium	Medium	Medium to high	High
-----	---------------	--------	----------------	------

Optimum Asset Management considers the volatility of the Universe Bond Heritage ESG Strategy to be low to medium.

This level is based on the variation in returns from one year to the next. It does not indicate future volatility and may change over time. A low level of risk may see its value decrease.

### Growth of \$10,000 since December 2013

- **Best quarter**

4<sup>th</sup> quarter 2023: 8.71%

- **Worst quarter**

1<sup>st</sup> quarter 2022: -6.92%

### Fund notice and price

Investments in the **Optimum Funds** are represented by trust units of the Optimum Funds (the "units"). The Optimum Funds each offer a class of units that can be split into an unlimited number of series of units, the terms of which are determined by the manager. The number of shares in each series is unlimited. The Optimum Funds offer on an ongoing basis, pursuant to this fact sheet and pursuant to prospectus exemptions under the Securities Act (Quebec), the following two series of units to "accredited investors" resident in the Province of Quebec:

**Series O Units:** The units will be offered at the net asset value per series unit which is calculated on the applicable valuation day. For each Optimum Fund, the term "valuation day" means each business day (individually, an "Optimum Fund valuation day"). Fractional shares of up to three decimal places will be issued.

**Series F Units:** Series units are offered pursuant to an offering memorandum to accredited investors who subscribe for these units under a fee-based service program and who pay their advisor/dealer directly a fee based on the asset value. No sales commission or service commission is payable when an investor purchases or redeems Series F Units.

Investors who wish to make an initial subscription for units of one or more of the Optimum Funds may do so by submitting a subscription application via Fundserv through their brokers or other persons authorized by applicable securities legislation.

## Legal notices

The performance is shown in Canadian dollars, before management fees and is annualized for all periods over one year.

The information contained in the present document is provided for information purposes only and should not be construed as investment advice pertaining to your financial situation nor as specific advice relating to finance, legal, accounting, tax or investments. We assume no responsibility for any losses incurred due to the use of this data. It should not be considered as a solicitation to buy nor an offer to sell a security. It does not take into account an investor's specific investment objectives, tax situation nor investment horizon. There is no representation, warranty nor liability regarding the accuracy of decisions based on this data. All performance-based data factor in the reinvestment of all distributions or dividends and do not take into account management fees and other fees payable by investors which result in reduced returns.

The index used in the present document is a widely recognized benchmark used to measure investment performance for its respective asset class and was chosen based on its degree of comparability and similarity with the investment strategy presented.
